# LIBRARY STATISTICS

Fiscal Year 1982-83

The New Mexico State Library is required by statute to collect data from all libraries in the state. The statistics in this document were taken from the 1982-83 annual reports of the public, community, academic, special and institutional libraries. In addition, State Library program statistics are included. 1980 Census data has been used in this report and has served as the basis for all per capita figures.

The help of librarians who have completed reports and made useful suggestions is gratefully acknowledged.

[1] Funds from SB 133 (Chapter 59, Laws of 1981) were one-time state appropriations to libraries for the purchase of books. (The amounts listed as SB 133 income for FY 1982-83 is carryover from original 1981-82 appropriation that was not spent in 1981-82.)

[2] Total income figures in parentheses are not actual totals for the respective libraries, but only the state grant amounts to these libraries.
